- Fees are to be paid at the Reservations office. Once a class has commenced, no refunds will be given. MasterCard, Discover, American Express, and Visa are accepted for purchases at the bookstore and for SEE love offerings. Unity Inn and the Reservations office accept all major credit cards.

Note: A \$25 graduation fee is assessed for graduates of the Spiritual Development and Leadership Development Programs. This fee includes the cost of one graduation photo and a graduation certificate and will be collected by the SEE registrar during registration for the last session.

### Love Offering

- Unity has operated on a love-offering plan since its inception by the Fillmores. Your generous love offering helps keep our sessions at a reasonable cost. This provides each student with the opportunity to select the form and amount of his or her gift and especially bless it to continue God's work. A love offering will be received at the Thursday banquet.

### Clothing

- Casual clothes and comfortable walking shoes will meet your needs during most activities. There is a candlelight dinner at each SEE session, so you may want to pack something special for this occasion. We recommend a sweater and a raincoat for spring and summer activities and a warmer coat for the fall.

### Computers

- Computers/printers and Internet access are available in the Unity Library. Wireless access is available for those staying in our accommodations.

## Spiritual Education and Enrichment 2007

Spiritual Education and Enrichment (SEE) provides educational opportunities for people who are seeking practical principles in order to live more joyously and successfully.

SEE is devoted to helping all people bring a consciousness of the activity of God into every life situation. All activities of the Unity movement are united in one primary spiritual purpose—learning and expressing what it means to live a God-centered life. SEE classes seek to provide the atmosphere, information and inspiration necessary to help individuals fully express their God-given potentials.

You may participate in classes through the one-week resident study program, offered three times a year, and through extension study courses available in the Unity center in your area, one-week SEE-in-the-Field sessions, SEE online courses and telebridge classes. Ask for additional information about these programs.

To get the most out of your time during SEE sessions, the faculty asks that you come prepared for class by reading as many of the required books as possible prior to your arrival.

Completion of the Spiritual Development Program is a prerequisite for the Leadership Development Program. However, the Leadership Development courses *Peacemaking Skills* and *Nonviolent Communication* may be taken prior to graduation from the Spiritual Development Program. For “Requirements for Licensing as a Unity Teacher,” call the Association of Unity Churches International’s Education Department at 816-524-7414, Ext. 326. This program is designed for people whose primary interest is in preparing for service to the Unity movement through the avenue of preparation for licensed-teacher recognition by the Association of Unity Churches International. Whether a person will serve as a licensed teacher specializing in adult education, pastoral care, administration or as a director of spiritual education (youth), the specialty courses and practicum need to be chosen in collaboration with one’s minister and the licensed teacher coordinator of the Association of Unity Churches International.
